Mayfield Road Sidewalk Improvements
This project involves the installation of 6 feet wide concrete sidewalks on the south side of Mayfield Road from Mayfield Manor Drive, just west of Colony Drive. This sidewalk will continue the pre-existing sidewalk. Also included in the project plan is an addition of 4 feet bicycle lanes along both sides of Mayfield Road. The purpose of this plan is to enhance safety and traffic flow.

Awarded Project Cost: $449,849.00
Awarded To: CMES, Inc.
Construction Start Date: March 1, 2016
Updated Anticipated Completion: July 29, 2016

**At this time both the East and West ends of the project are complete. Atlanta Gas Light mobilized on 6/16/16 to relocate the gas line that is in conflict with proposed construction. Anticipated gas line relocation completion is 7/7/16. Once the gas line is relocated, construction is anticipated to be complete by the end of July.**

Current Project Phase (Effective June 2016):

- **Concept**
  - Completed: 10/14/2015
- **Design**
  - Completed: 10/14/2015
- **Easement Acquisition**
- **Bid Process**
  - Received: 11/12/2015
- **Bid Award**
  - Received: 1/4/2016
- **Construction**
  - Current: Start date 3/1/2016
- **Finish**
  - Anticipated Completion: 7/29/2016
