What is a temporary tax bill?

GENERAL INFORMATION

Ad valorem taxes, more commonly known as property taxes, are levied for the maintenance and operations of the City. Property taxes are also levied for certain public improvements funded by voter approved general obligation debt (bonds). The basis for ad valorem taxation is the fair market value, as determined by the Fulton County Board of Assessors. The tax is levied on the assessed value of the property which is established at 40% of the fair market value (unless otherwise specified by law). The amount of tax is determined by the tax millage rate.

The City of Alpharetta Finance Department is responsible for the billing and collection of property taxes for our municipality and relies solely on the Fulton County Board of Assessors for tax information that pertains to property owners, fair market and assessed values, and property/billing addresses.

MILLAGE RATE

The City's millage rate for 2020 (fiscal year 2021) is the same as the prior year at 5.750 mills and includes 4.935 mills for general government (i.e. operations and recurring capital) and 0.815 mills for debt service on voter approved bonds.

RESIDENTIAL TAX REDUCTION INITIATIVES

The City provides multiple homestead exemptions that save our homeowners over \$5.2 million annually and goes great lengths in keeping Alpharetta an affordable place to live and raise a family.

Homestead Eligibility:

- Property owners must own and occupy their home as their permanent residence as of January 1st of the current year.

Homestead Exemptions:

- Floating Homestead Exemption that caps the 2020 taxable value growth at the lower of 3% or CPI;
- Basic Homestead Exemption of \$45,000 off the assessed value (does not apply to debt service property tax levy);
- Senior Basic Exemption of \$25,000 to residents age 65 or older as of January 1st (applies to entire property tax levy);
- Senior Full Value Exemption available to residents age 70 or older as of January 1st who meet certain income requirements (applies to entire property tax levy).

Homestead Applications:

- Applications for homestead exemptions may be submitted any time during the year.
 - Applications received on or before April 1st are eligible for a current year homestead exemption.
 - Basic homestead exemption and county senior exemption applications must be filed with the Fulton County Board of Assessors at 11575 Maxwell Road, Alpharetta, GA 30004. Floating homestead exemptions will apply automatically to properties with a homestead exemption in place.
 - Alpharetta senior exemption applications must be filed with the City of Alpharetta, Finance Department at 2 Park Plaza, Alpharetta, GA 30009-0349.

UNDERSTANDING YOUR 2020 TAX BILL

1. Account Number

Unique numerical identifier for your property within the City's financial system. You may utilize this number to access property tax records on our website. This number is also helpful when contacting the City's customer service team.

2. Property Owner

The owner of record as of January 1st of the tax year. The tax year is from January 1st through December 31st. If the property was purchased after January 1st, the new owner's name will not appear in the records until the following tax year.

3. Property Address

Legal description of your property as provided by the Fulton County Board of Assessors. It is the responsibility of the taxpayer to identify discrepancies in their property's legal description.

4. Parcel Identification

Primary numerical identifier for your property within the tax records of Fulton County and the City.

5. Fair Market and Assessed Values

Fair market value is an estimate of the market value of your property as determined by the Fulton County Board of Assessors. The assessed value of your property is equal to 40% of the fair market value. Property taxes are calculated by multiplying a millage rate (discussed below) by the assessed value (less any adjustments for exemptions).

6. Credits and Exemptions

Authorized exemption offered by the City (e.g. homestead exemption) that reduces your property's assessed value.

7. Levies

Distribution of property taxes among Bonded Debt (BND DEBT), Local Option Sales Tax (L.O.S.T.), and General Government (GEN GOVT).

8. Millage Rates

Rates used to determine the total amount of taxes due. The millage rate is set by the City annually through adoption of an Ordinance at publicly advertised City Council meetings.

9. Remittance Stub

Return this stub along with your payment. Accounts not paid by the due date will incur interest charges and may incur penalties. Please refer to the reverse side of this pamphlet for more information.
