RE: Financial Management Reports – as of February 28, 2010

The documents contained herein represent the financial management reports for the City of Alpharetta (“City”) as of the period ending February 28, 2010.

General Fund

Revenue: The following section pertains to information detailed in the attached *Revenue Summary and Collection Comparison* report. Fiscal Year (FY) 2010 revenues are budgeted at \$48.2 million (net of Carryforward Fund Balance totaling \$7.5 million). As of February 28, 2010, the City has collected 78.6% or \$37.9 million.

With the second quarter closed (including holiday sales data), the Finance Department performed a comprehensive review/forecast of revenues given the latest collection trends, communication with our business partners (internal departments and external business entities), etc. and has increased the estimates of several of the City’s larger revenue sources (e.g. property taxes, local option sales taxes, franchise fees, etc.). The City’s overall revenue position is still tenuous with year-over-year declines in many revenue categories. Specifically, the City’s revenue position is now estimated to result in a net gain of \$5,669. The revenue account detail is as follows:

• Local Option Sales Tax:	(\$ 200,000)
• Franchise Fee:	320,000
• License/Permit/Plan Review Fees:	(321,898)
• Red Light Camera Citations:	(300,000)
• Other:	<u>207,567</u>
Preliminary Estimated Deficit:	(\$ 294,331)
• Red Light Camera Adjustment ¹ :	<u>300,000</u>
Estimated Gain:	\$ 5,669

¹ The City renegotiated lease terms with *American Traffic Solutions Inc.* to ensure revenue neutral operation of the red light camera system (i.e. no subsidy). The red light camera system is a pass-thru transaction in that revenues = expenditures. As such, the table above adds back the red light camera revenue reduction to arrive at the City’s true revenue position.

Property tax revenue forecasts are based on the billable digest as provided by the Fulton County Board of Assessors and the subsequent data on appeal resolutions. As of February 26, 2010 the City had 616 parcels (3% of total parcels) in appeal with a total billable value of \$889 million. Appealed parcels are billed at 85% of total taxable value pending appeal resolution. Year-to-date appeal resolutions have resulted in an average 13% write down of taxable values which is within the 15% buffer (i.e. 100% Taxable Value – 85% Billable Value). Property tax revenue is estimated to meet budget and may exceed budget if appeal resolutions continue to remain within the 15% buffer. Updated figures will be provided as more data becomes available.

Local Option Sales Tax (“LOST”) collections started experiencing declines in the second half of 2008 as the recession deepened. Fiscal-year-to-date LOST collections are trending -4% down compared to prior year.

Franchise Fee collections are trending approximately 2% higher than fiscal year 2009 due in part to increased collections from *Georgia Power* (\$3.8 million in 2009; \$4.0 million in 2010).

The revenue estimates discussed herein are based on trend data and are subject to change. The Finance Department will continue to monitor revenues and provide updates on collection trends as they become available.

Expenditures: The following section pertains to information detailed in the attached *Expenditure Summary by Department* (expenditure rollup by department) and *Expenditure Summary by Category* (expenditure rollup by account) reports.

As of February 28, 2010, City Departments (not including General Government²) have encumbered and expensed 67.2%, or \$31.6 million, of their FY 2010 budget appropriations. On a pure expenditure trend basis, FY 2010 is trending lower than FY 2009. When comparing the expenditure trends by department, please note that the City Clerk is trending higher in FY 2010 due to payments to Fulton County for services rendered in connection with the General Election on November 3, 2009.

The Finance Department will continue to monitor departmental budgets and alert Administration on any additional cost saving initiatives.

² General Government is utilized to account for non-operating transactions such as transfers-out to other City funds, contingency, etc.

Contingency: The General Fund contingency balance as of February 28, 2010 totals \$504,125.

Special Revenue Funds (large funds only)

The following section references information included within the attached GAAP Financial Statements.

Hotel/Motel Fund: FY 2010 revenues are budgeted at \$3.1 million with estimated disbursements as follows: Alpharetta Convention & Visitor's Bureau (\$1.3 million or 43.3%); Alpharetta Business Community (\$512,500 or 16.7%); and the City (\$1.2 million or 40.0%). As of February 28, 2010, the City has collected 52.6% or \$1.6 million (seven-months of collections). The collections have been distributed to the participating entities based on their proportionate share.

Collection trends indicate a potential revenue shortfall of -\$475,000. Since 2008, annualized collections from this revenue source have declined in excess of \$1.0 million.

E-911 Fund: FY 2010 revenues are budgeted at \$2.3 million. As of February 28, 2010, the City has collected 66.8% or \$1.5 million (i.e. seven-months of collections). Expenditures during the same period total \$1.5 million, or 64.2% of budget (i.e. eight-months of expenditures). There are no budget variances anticipated at this time.

Debt Service Fund

The following section pertains to information detailed within the attached *GAAP Financial Statements*. FY 2010 revenues are budgeted at \$7.7 million (net of Carryforward Fund Balance totaling \$1.9 million). As of February 28, 2010, the City has collected 92.4%, or \$7.1 million.

Property tax revenue forecasts are based on the billable digest as provided by the Fulton County Board of Assessors and the subsequent data on appeal resolutions. As of February 26, 2010 the City had 616 parcels (3% of total parcels) in appeal with a total billable value of \$889 million. Appealed parcels are billed at 85% of total taxable value pending appeal resolution. Year-to-date appeal resolutions have resulted in an average 13% write down of taxable values which is within the 15% buffer (i.e. 100% Taxable Value – 85% Billable Value). Property tax revenue is estimated to meet budget and may exceed budget if appeal resolutions continue to remain within the 15% buffer.

Revenue shortfalls are anticipated in investment earnings (-\$175,000) and will be covered through other sources (e.g. prior-year delinquent property tax collections, fund balance, etc.).

Updated figures will be provided as more data becomes available.

Notes:

- (1) Fiscal year 2009 activity represents a two month accrual of local option sales tax collections (e.g. revenue earned during July is remitted to the City in September). Due to increases in electronic remittance usage, the Georgia Department of Revenue has decreased collection time to one month for fiscal year 2010 (e.g. revenue earned during July is remitted to the City in August). As such, year-to-date fiscal year 2010 activity includes an additional month of collections.
- (2) The City renegotiated lease terms with *American Traffic Solutions Inc.* to ensure revenue neutral operation of the red light camera system (i.e. no subsidy). The red light camera system is a pass-thru transaction in that revenues = expenditures. As such, the variance column must be adjusted to add back the red light camera reduction thereby arriving at the City's true revenue position.
