OPEN CALL FOR ARTISTS! “Getting Buggy in the Community Art Garden”

Theme

“Getting Buggy in the Art Garden” items should reflect a BUG theme, character, or form.

We have created a Community Art Garden walk behind the Arts Center! The Garden walk started with “Flower Power” and is now “Getting Buggy”. We now invite the Community to add their own special “Buggy” art projects. We will be asking for photos of artworks created along this theme in any weatherable medium (as this is an outdoor display) to be submitted for consideration.

Materials & Display

Buggy Projects can be made of any weatherproof material and represent any form or type of BUG. The work may be functional, decorative, or whimsical; 2-dimensional or 3-dimensional. Techniques may be traditional or innovative but must be created weatherable material OR sealed.

These items will be for display in the **OUTDOOR** Community Art Garden and should be weatherproof or weather resistant. We recommend coating with Outdoor Acrylic sealer or Resin OR be made of weather-resistant materials.

All accepted hanging artwork must be able to be hung on a fence or wire display rack with plastic wire ties (**must come with suitable hanging hooks already attached**).

All sculpture pieces must be free-standing and durable, or able to be attached to wire fencing.

Each artwork should be securely labeled on the back with artist's name and title of piece.
